The screenshot displays the Twilio console interface. On the left is a sidebar with navigation options: 'Develop' (selected) and 'Monitor'. Under 'Develop', there are links to 'Studio', 'Functions and Assets', 'Phone Numbers', 'Messaging', and 'Voice'. At the bottom of the sidebar are 'Explore Products' and 'Docs and Support'. The main content area is titled 'Account Info' and contains three sections: 'Account SID' with the value 'AC674a168fa92e54f2830009d96f9676dc', 'Auth Token' with a masked value and a 'Show' button, and 'My Twilio phone number' with the value '+15133275826'. A warning message states: 'You are on a trial account. You can only send messages and make calls to [verified phone numbers](#). Learn more about your [trial account](#).' On the right side of the console, there is a 'Helpful links' section with links to 'How does Twilio work?', 'SMS Quickstart guides', 'Support help center', and a note about troubleshooting common issues.
